EPA Biotreatability Study Report

Dear Ms. Purcell:

Last week you informed me that Martin O'Neill of Roy F. Weston, Inc. asked if he could obtain a copy of the biotreatability study report prepared by EPA's Ada, Oklahoma laboratory. I called Dr. Don H. Kampbell at the Ada lab, who told me that the report may be released provided an additional disclaimer is added to the report. Dr. Kampbell sent me a copy of the report with the added disclaimer (copy enclosed).

Feel free to forward a copy of this report to Mr. O'Neill. However, your transmittal letter should mention that the report is a draft version prepared for EPA internal use and, therefore, should not be cited or quoted.

Feel free to contact me at (212)264-8098 if you wish to discuss the L. E. Carpenter & Company Site.

Sincerely yours,

Jonathan Josepfs, Project Manager
